Standard	✓	✓	✓			10%	10%	10%	10%	£5.00

Main Terms & Conditions

- The eyecare plan is designed to provide you with continual premium eyecare at an affordable monthly cost.
- 1 month's notice is required to cancel the scheme, providing other terms and conditions are met.
- 24 hours minimum must be given for any appointment cancellation, or a fee may be charged.
- Discounts may not be used in conjunction with any other offer - highest discount will prevail.
- Contact lenses may only be supplied if examinations are up to date.
- You will receive 1 months advance notice of any changes to the schemes.
- Non - payment of the Direct Debit will result in a charge of £15 per uncollected payment.
- Early cancellation - we reserve the right to charge any difference in cost for appointments or discounts taken over the annual value of the plan.

What's included...

Annual Eye Exam

- Comprehensive eye health & vision assessment
- Intraocular pressure test
- Field of vision test
- Anterior eye assessment
- Retinal photograph

OCT 3D Scan (Ocular Coherence Tomography)

Revolutionary technology allowing us to view layers that make up the back of your eye, which we cannot see during a routine eye exam. This allows us to instantly diagnose a number of common eye conditions, providing you with early intervention of many sight threatening diseases.

Emergency Eyecare Appointment

In addition to your routine eye exam, when needed, we can provide help and advice with minor eye conditions, potentially saving you a visit to the Doctor.

Contact Lenses & Aftercare

- Advice to provide the best lenses most suited to your eyes for maintenance of continued ocular health and optimum vision
- Free replacements for lost/damaged disposable lenses (excluding monthly supply)
- Tear film and corneal curvature assessment

Dry Eye Clinic

From time to time your eyes may feel gritty or watery causing vision problems or general discomfort. Our Dry Eye Clinic can detect Dry Eye Disease, providing welcome advice and offering treatment solutions.

Enhanced Services

- Blephex treatment to ease the symptoms of Blepharitis
- OrthoKeratology overnight lenses to control myopia
- Specialist filters for Dyslexia or Colour Vision anomalies
